

PGA TOUR

Scoring Ratings (since January 1st, 2014)

Leading 25 Ratings for three PGA Tour venues

Colonial, Harbour Town & TPC River Highlands

(Note: Min. No. of Rounds = 10)

Ratings are calculated by comparing a player's average round score in an event, against the tournament average for that week.

For example: If a player's scoring average for an event is 71.5 (286), when that's week tournament average is 72.89, then this player will have a rating of +1.39. A golfer whose rating is a minus number (such as - 1.56), will have scored worse than the tournament average for that week.

Thus, a golfer whose average is 72 (288), when that week's overall average is 73.88, will have a better weekly rating than someone who fires 285 (71.25) in a tournament where the average round score is 71.86.

The final rating is worked out by calculating the average of a player's total collection of ratings – provided they have completed a minimum of 10 rounds at the course during the six-year period (2014-19).

To qualify for a weekly rating, a golfer must have completed a minimum 36 holes in a tournament.

COLONIAL COUNTRY CLUB

Rating	Player	Average	Rds
2.52	Jordan Spieth	67.83	24
1.80	Harris English	68.56	16
